## Tech Ed Concepts, Inc. Offers A New Training Option for KEYCREATOR™ Software!

Pembroke, NH – July 16, 2004 – Tech Ed Concepts, Inc. is pleased to announce the availability of new training CD's for Kubotek's KeyCreator™ Software. KeyCreator™, the NEW Evolution of CADKEY, is quickly filling classrooms with its fully integrated NC Capabilities, Pure Geometry™ total editing control feature and unrivalled breadth of modeling and drafting capabilities.

Now available through Tech Ed Concepts, Inc. the **KeyCreator™ Learning CAD Training Videos, By Felix Serna** You and your students can become KeyCreator™ experts! Felix Serna, a longtime college instructor of CADKEY, has developed this video training series to assist in shortening the learning curve when it comes to teaching and learning CAD with KeyCreator™. With 115 video clips amounting to over 8 hours of training, 2 CDs and 85 pages of text (pdf file), you'll be hard pressed to find a better training package anywhere else! These CD's include complete part files, audio and video training, a complete study guide with eight different projects to learn from and more! Available through Tech Ed Concepts, Inc. at [www.tecedu.com](http://www.tecedu.com) or by calling 800.338.2238 this video series is a must for your classroom!

**About Felix Serna** - Felix Serna is president of Sernagraphics. He has been teaching CAD/Cam as a full time faculty instructor at Green River Community College in the Design Drafting program for 15 years. He has written curriculum for a variety of drafting classes. The software he has trained with includes a variety of programs to include CADKEY, KEYCREATOR and more. Prior to entering the academic arena he worked over 21 years in a variety of industries as a Drafter, Designer, Commercial Artist and Technical Illustrator. He has begun incorporating video training as means of "cloning" himself to better support his students.

**About Kubotek, USA** - Kubotek USA, Inc., headquartered in Marlboro, MA, is a wholly owned subsidiary of Kubotek Corporation. Kubotek USA develops and manufactures KeyCreator software (formerly CADKEY) and is responsible for sales, marketing, distribution and support for the Americas, Europe, Australia and New Zealand. More than 20,000 global customers use Kubotek design and manufacturing software. Kubotek Corporation was founded in 1985 in Osaka, Japan, and has been publicly traded on the Tokyo Stock Exchange since 2001. Kubotek Corporation is a worldwide leader in creation engineering – the development of technologies for modeling, measuring and machining in industrial businesses large and small.
