

The DataCAD 10 Project Book – Table of Contents

To The Student.....	iii
To The Teacher	iii

Chapter 1

Beginning Architectural Drawing	1
Starting a New Drawing.....	2
Selecting Menu Options.....	8
Turning On Walls	11
Drawing and Erasing Lines.....	14
Creating Rectangular Polygons	17
Adjusting the Display	20
Adding a Door	22
Adding Windows	24
Quitting DataCAD	28

Chapter 2

Adding Furniture and Text	33
Loading a File	34
Adding Furniture (Using Templates	35
Creating and Naming Layers	40
Adding Text	43
Moving Text	46

Chapter 3

3D Drawing	53
Creating 3D Views.....	56
Using the Viewing Sphere	58
Hidden Line Removal	60
Moving the Pictorial Image	62
Changing Enlargement Factors.....	65
Saving the Drawing	69
Creating Perspective Views	70

Chapter 4

Ferd's Motel Room, Phase 1	79
Creating and Naming Drawing Layers	80
Creating Walls	82
Setting Snap Size	83
Adding Plumbing.....	84
Adding Interior Walls	86

Chapter 5

Ferd's Motel Room, Phase 2	97
Adding a Standard Door	99
Centering a Door	101
Centering and Cleaning a Wall	103
Adding a Cut Wall Opening	104
Adding a Bi-fold Door	105
Adding a Sliding Door	106
Creating a New Drawing File	108

Chapter 6

Ferd's Motel Room, Phase 3	111
Adding Furniture.....	112
Changing the Symbol Scale	117
Using Dynamic Rotation	118
Changing the Z-Offset	119

Chapter 7

Ferd's Motel 8, Mirror & Group	127
The Mirror Function	129
The Rotation Function	135

Chapter 8

Editing and Dimensioning	141
Erasing Layers	142
Removing a Door.....	143
The Stretch Function.....	145
Adding Dimensions	146
Design Changes	154

Chapter 9

3D Modeling, Ferd City	157
Changing the Z-base	159
Creating 3D Blocks	159
The Copy Function	160
Creating a Dome	162
Adding Block Buildings	165

Chapter 10

3D Modeling, Using Macros	173
Using the AEC_MODL Macro	177
Fixing Wall Cutouts	181
Adding a Roof.....	183

Chapter 11

Using the Framing Macro.....	191
Creating Wall Framing	192
Adding Openings	196
Editing a Frame	200
Adding Floor Framing to Your Plan.....	203
Roof Framing	209

Chapter 12

Using Shader and Object Viewer	215
Moving the Playhouse to 0,0	216
Creating a Slab	217
Using GoToView	219
Using the Shader Function.....	223
Adding a Street Lamp	228
Adding Background Images	230
Adjusting Model Colors.....	231
Using the Object Viewer.....	234

Chapter 13

Detail Drawings	243
Using the Layer Manager	244
Creating a 2D Detail Drawing	246
Changing Line Type	249
Adding a Polygon Circle.....	250
Adding Hatching.....	252

Chapter 14

Typical Wall Section	261
Selecting a Line Type	263
Trimming Lines	267
Adding Blocking.....	268
Adding Insulation	269
Adding the Floor	272
Adding Text	276

Chapter 15

My Old House	281
Defining Layers	282
Creating the First Floor Slab	283
Creating First Floor Walls	285
Creating the Second Floor Slab	290
Adding Second Floor Walls	292
Adding Windows	295
Adding Doors	296

Adding the Roof.....	297
Adding Stairs	300

Appendix A

The DataCAD 10 Project Book Quick Keys	305
---	------------

Appendix B

Using Selection Sets	307
The Edit Sets Menu.....	308

Appendix C

Using Object Viewer	313
Setting the DataCAD/o2c Color Map	316
Using the Object Viewer.....	320
