
The DataCAD 11 Project Book

To The Student.....	iii
To The Teacher.....	iii

Chapter 1

Beginning Architectural Drawing.....	1
Starting a New Drawing	2
Selecting Menu Options.....	8
Turning On Walls	10
Drawing and Erasing Lines.....	14
Creating Rectangular Polygons	17
Adjusting the Display	21
Adding a Door	23
Adding Windows	26
Quitting DataCAD	29

Chapter 2

Adding Furniture and Text.....	34
Loading a File	35
Adding Furniture (Using Symbols)	36
Creating and Naming Layers	42
Shortcuts	45
Adding Text	46
Moving Text	49

Chapter 3

3D Drawing.....	57
Creating 3D Views.....	60
Using the Viewing Sphere	62
Hidden Line Removal.....	64
Moving the Pictorial Image	66
Changing Enlargement Factors.....	69
Saving the Drawing	73
Creating Perspective Views	74

Chapter 4

Ferd's Motel Room, Phase 1	83
Creating and Naming Drawing Layers	84
Creating Walls	86
Setting Snap Size	87
Adding Plumbing	88
Adding Interior Walls	91

Chapter 5

Ferd's Motel Room, Phase 2	103
Adding a Standard Door	105
Centering a Door	107
Centering and Cleaning a Wall	109
Adding a Cut Wall Opening	110
Adding a Bi-fold Door	111
Adding a Sliding Door	112
Creating a New Drawing File	114

Chapter 6

Ferd's Motel Room, Phase 3	117
Adding Furniture	118
Changing the Symbol Scale	123
Using Dynamic Rotation	124
Changing the Z-Offset	125

Chapter 7

Ferd's Motel 8, Mirror & Group	135
The Mirror Function	137
The Rotation Function	143

Chapter 8

Editing and Dimensioning	149
Erasing Layers	150
Removing a Door	151
The Stretch Function	153
Adding Dimensions	154
Design Changes	162

Chapter 9

3D Modeling, Ferd City	165
Changing the Z-base	167
Creating 3D Blocks	167
The Copy Function	168
Creating a Dome	170
Adding Block Buildings	173

Chapter 10

3D Modeling, Using Macros	181
Using the AEC_MODL Macro	185
Fixing Wall Cutouts	189
Adding a Roof	191

Chapter 11

Using the Framing Macro	199
Creating Wall Framing	200
Adding Openings	204
Editing a Frame	208
Adding Floor Framing to Your Plan	211
Roof Framing	217

Chapter 12

Using Shader and Object Viewer	223
Moving the Playhouse to 0,0	224
Creating a Slab	225
Using GoToView	227
Using the Shader Function	231
Adding a Street Lamp	238
Adding Background Images	240
Adjusting Model Colors	242
Using the Object Viewer	245

Chapter 13

Detail Drawings	255
Using the Layer Manager	256
Creating a 2D Detail Drawing	258
Changing Line Type	260
Adding a Circle	261
Adding Hatching	262
non-Associative Hatching	265

Chapter 14

Typical Wall Section	271
Selecting a Line Type	273
Trimming Lines	278
Adding Blocking	279
Adding Insulation	280
Adding the Floor	283
Adding Text	287

Chapter 15

My Old House	293
Defining Layers	294
Creating the First Floor Slab	295
Creating First Floor Walls	298
Creating the Second Floor Slab	302
Adding Second Floor Walls	304
Adding Windows	307
Adding Doors	308
Adding the Roof	309
Adding Stairs	312

Chapter 16

Creating and Modifying Symbols	317
Create a 2D Symbol	318
Create a 3D Symbol	324
Explode a Symbol	331
Redefining Symbols	333
Replacing Symbols	335

Appendix A

The DataCAD 11 Project Book Quick Keys 347

Appendix B

Using Selection Sets 349

The Selection Sets Menu 350

The Mask Function 355

Appendix C

Using Object Viewer 357

Setting the DataCAD Rendering Settings..... 361

Using the Object Viewer..... 362

Appendix D

Input Methods and Identify/Set All 367

Drawing With Relative Cartesian 368

Drawing With Absolute Cartesian 371

Drawing With Relative Polar 372

Drawing With Absolute Polar..... 374

Drawing With Direction/Distance 377

Using Identify / Set All..... 378
