KeyCreator

- The KeyCreator Cookbook** by Jerry Kuhn
Following in the footsteps of THE BEST SELLING CADKEY Cookbooks, this latest release of the KeyCreator Cookbook offers a collection of "recipes" designed to introduce students to CAD. They quickly move from 2D drafting to 3D Solid Modeling and Boolean Operations! Unlimited copy license also available! #312-1031 \$44.95
- Doctor Walt's KeyCreator 8 Workbook** by Walt Silva
The MUST HAVE guide to KeyCreator! Detailed exercises using KeyCreator to explore 2D, 3D, Solid Modeling, Assembly Functions and more! Abundantly illustrated, easy to read and an excellent solution for instructing the newest version of KeyCreator. 520 pages. #312-2068 \$84.95
- Doctor Walt's KeyCreator 8 Introductory Guide** by Walt Silva
Walt Silva once again uses his proven approach to CAD instruction to introduce both veteran CADKEY users and novices to the new KEYCREATOR release. Hundreds of illustrations, combined with an easy-reading text style, greatly simplify the learning task. 150 pages #312-2065 \$29.95
- Doctor Walt's KeyCreator 8 Sizzling Solids** by Walt Silva
Walt Silva unlocks the secrets of freeform, solid modeling in KEYCREATOR. Learn how to create a wide variety of castings, molded parts, formed metal objects, manifold objects, etc. with step-by-step instructions from the master of solid modeling. 326 pages #312-2066 \$79.95

Architectural Design Reference

- Fundamentals of Architectural Design - not software specific!**
by Paul Ross Wallach. Teach the basic aspects of architectural design and drawing using theory and practice. A great addition to secondary and postsecondary classrooms. 30 units of study in 6 sections! #322-1019 \$49.95
Instructor's copy includes CD with Worksheets, Test Q&A, Vocabulary & MORE!

DataCAD

- The DataCAD 12 Project Book** by Dr. Len Nasman and Michael Smith
The quick way to learn DataCAD 12 basics! Introduces fundamental operations needed for architectural drawing. 380 pages. #322-1031 \$45.95

To Process Your Order:

1. Provide all of your contact information on page 1.
2. Check off the box(es) for the items you wish to purchase.
3. Complete the Payment information box including the method of shipping.
4. REQUIRED: Make a copy of your student or faculty I.D. card or other proof of employment or enrollment to validate eligibility for exclusive academic pricing.
5. REQUIRED: Sign to accept the Academic License Agreement on page 1.
6. FAX this form to 603-225-7766 or mail to: TEC, Inc., 32 Commercial St., Concord, NH 03301

Shipping Charges:

Domestic: All shipping charges are to be prepaid. Please allow 48 hours for order processing.
Ground: CD only = \$14; CD and textbook / manual = \$15; Textbook only = \$14; each additional textbook or software package = \$8. Allow 7-10 working days.
2nd Day Air: CD only = \$26; CD and textbook / manual = \$27; Textbook only = \$21; each additional textbook or software package = \$12. Order must be received before 1 pm EST.
Next Day Air: CD only = \$39; CD and textbook / manual = \$48; Textbook only = \$36; each additional textbook or software package = \$15. Order must be received before 1 pm EST.

Canada: **Ground:** CD only (KeyCreator and DataCAD) = \$21; CD and textbook / manual = \$25; Textbook only = \$22; each additional textbook or software package = \$15.

Canadian residents are responsible for applicable duties and taxes. U.S. funds only.

Envisioneer

- Introduction to Residential Design** by Cadsoft Corporation
This textbook teaches the concepts of architectural design in a format involving core design concepts coupled with hands on projects with the software. It covers design concepts from spatial planning, materials and methods to interior design and working drawings. Additional topics include an overview of the Envisioneer software, creating presentation drawings, annotation and line work. This text includes hundreds of beautiful images and a wide range of examples of design ideas. 172 pages, full color. 350-1089 \$59.95
- Fundamentals of Interior Design** by Paul Ross Wallach & Ann Ross Wallach
Students will study the role of the interior designer, the skills necessary to the practice of interior design, the principles which guide design, the special knowledge needed for specific circumstances, and how to interact with clients and other professionals. Full color, 455 pages. 322-1030 79.95
- Basics of Interior Design** by Paul Ross Wallach & Ann Ross Wallach
Recommended as a short introduction to Interior Design within an existing Architectural Design program or Family and Consumer Science Interior Design Program in grades 8-12 and Community College programs. Black & white, 50 pages. 322-1032 29.95
- Envisioneer 4.5 User's Guide** by Cadsoft Corporation
Recommended! This User Guide is an excellent resource for both the novice and intermediate Envisioneer user. It not only provides detailed instructions to complete specific tasks, but contains diagrams and screen shots. Black & white, 625 pages. 350-1093 45.00
- Interactive Training Series** from Cadsoft Corporation
Self-paced Interactive Training CDs are an effective means of quickly and easily learning the tools found in Envisioneer. Review, pause, or progress to the next lesson at your own pace! Featuring nine volumes covering Roofing Construction, Kitchen Design, Bathroom Design, Remodel Procedures, Catalog Management, Landscape Design, Roofs, Rendering, and Working Drawings. 350-0085 115.00
